Form 471 Application Number: 514867
Funding Request Number(s): 1420848, 1426265, 1426417, 1426470, 1438310,

Your Correspondence Dated: July 20, 2006

After thorough review and investigation of all relevant facts, the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) has made its decision in regard to your appeal of USAC's Funding Year 2006 Funding Commitment Decision Letter for the Application Number indicated above. This letter explains the basis of USAC's decision. The date of this letter begins the 60 day time period for appealing this decision to the Federal Communications Commission (FCC). If your Letter of Appeal included more than one Application Number, please note that you will receive a separate letter for each application.

Funding Request Number(s): 1420848, 1426265, 1426417, 1426470, 1438310,
1438546, 1440816, 1440973, 1441109

Decision on Appeal: Denied

Explanation:

- During the Appeal Review USAC thoroughly assessed the facts presented in your appeal letter, the relevant documentation on file, and the FCC Rules and Procedures before making its determination on your appeal. USAC agrees that PIA correctly determined that the Lakewood Cheder School (BEN 197819) percentage discount should be 20%. During Program Integrity Review (PIA), PIA requested that you provide documentation to support the requested 90% discount for the previously listed entity. As indicated in the documentation submitted in response to the PIA request, you used a federally-approved alternative mechanism to determine the entity's level of poverty or need. The Schools and Libraries support mechanism requires that if a school/district chooses

to do a survey, the survey must contain the following information: the grade level of each child, size of family and income level of the parents. Since the survey, the school/district provided, did not meet these survey guidelines, the survey cannot be accepted as valid documentation to support the requested discount. As a result the discount level was reduced to 20%, minimum for urban status. On appeal, you failed to provide any evidence that USAC has erred in its initial decision. Consequently, the appeal is denied.

- FCC Rules provide that the discount available to an applicant is determined by indicators of poverty and high cost. 47 C.F.R. sec. 54.505(b). The level of poverty is measured by the percentage of students enrolled in a school or school district that are eligible for a free or reduced price lunch under the National School Lunch Program, or a federally-approved alternative mechanism. Alternatively, the level of poverty is measured according to participation in Medicaid, Food Stamps, Supplementary Security Income (SSI), Federal Public Housing Assistance or Section 8, or Low Income Home Energy Assistance Program (LIHEAP). See Federal-State Joint Board on Universal Service, CC Docket No. 96-45, Report and Order, 12 FCC Rcd 8776,9045, FCC 97-157 para. 510 n.1334 (rel. May 8,1997). The high cost determination is made pursuant to FCC Rules that classify a school or library as rural or urban. 47 C.F.R. sec. 54.505(b)(3). An applicant's discount rate is determined by reference to a matrix based upon the level of poverty and whether the entity is classified as rural or urban. 47 C.F.R. sec. 54.505(c)

If your appeal has been approved, but funding has been reduced or denied, you may appeal these decisions to either USAC or the FCC. For appeals that have been denied in full, partially approved, dismissed, or canceled, you may **file** an appeal with the FCC. You should refer to CC Docket No. 02-6 on the first page of your appeal to the FCC. Your appeal must be received or postmarked within 60 days of the date on this **letter**. Failure to meet this requirement will result in automatic dismissal of your appeal. **If** you are submitting your appeal via United States Postal Service, send to: FCC, Office of **the** Secretary, 445 12th Street SW, Washington, DC 20554. Further information and options for filing an appeal directly with the FCC can be found in the "Appeals Procedure" posted in the Reference Area of the SLD section of the USAC website or by contacting the Client Service Bureau. We strongly recommend that you use the electronic filing options.

We thank you for your continued support, patience and cooperation during the appeal process

- 1) Waiver Request for an Appeal to the FCC
overriding an Administrator's Decision on Appeal
for the Lakewood Cheder School:
 - 2) The Appeal itself

Dear Ms. Dortch,

I respectfully request a Waiver for the deadline for appealing to the FCC to override an Administrator's Decision on Appeal for the Lakewood Cheder School, on the grounds that the person who would have filed the FCC appeal in a timely manner passed away during the USAC appeal process, before his appeal was decided. The need for an FCC Appeal did not come to light until recently.

Additionally, I am putting forth the Appeal to the FCC herein.

Here are the facts of the matter:

The administrator of the Lakewood Cheder School, Rabbi Yechiel M. Waxman, passed away unexpectedly at the end of September of 2006 while awaiting a liver transplant. He had taken sick with a sudden illness that kept him hospitalized for a great deal of the summer. It was he, and only he, who filed the paperwork for the E-Rate program, unassisted, and with his tragic and sudden death, his work was left unattended

until the end of December, when I was hired to take his place. Please bear in mind that starting a school year involves a great deal of preparation during the summer months, not to mention the hectic weeks of September, and the office was in a chaotic state because all of Rabbi Waxman's work was undone. My first task in the position was to tackle the mountains of work that had accumulated, and to generally dig myself out of the chaos that reigned. Remember that the school had been sans administrator for close to five months. It was at that point that I began learning what the E-Rate program was about, along with many other issues that confront school administrators.

It was only in February of 2007 that one of the vendors whose services our school uses told me that our discount rate for the current year, 2006 – 2007, had been reduced from 90% to 20%. Quite alarmed, I searched the old files and first discovered a problem of which I had previously been unaware.

It seems that on the Lakewood Cheder School's Form 470 for year 2005 – 2006, Rabbi Waxman had calculated the discount rate at 90%, based on an alternate mechanism (Survey) that returned a 75% rate of poverty-level students. Under PIA verification, he was asked to send documentation supporting his submission, including a sample of the Survey (see Attachment A). In a Funding Commitment Decision Letter dated May 23, 2006, (see Attachment B) USAC cut the discount rate to 20% on the grounds that the survey was invalid, in that although the form did include the income level of the household, it did not ask the grade level of each child in the household. Rabbi Waxman appealed the reduction (see Attachment C), on the grounds that the school has the grade level of each child on file (see Attachment D).

In November, 2006, more than two months after Rabbi Waxman's death, USAC sent him an Administrator's Decision of Appeal, denying the Appeal (see Attachment E). Apparently, during the period that there was no administrator in the school, a secretary had filed the unopened envelope containing the letter in a box containing old USAC correspondence. Thus, no-one in the school knew of the entire matter, let alone that an Appeal had been filed and denied.

Now that thanks to our vendor we have become aware of the situation, we would like to appeal to the FCC to overrule USAC's denial of Rabbi Waxman's Appeal. We are aware that the deadline for filing the FCC appeal has come and gone, but in view of the special circumstances of the case, specifically the death of Rabbi Waxman, we respectfully request that you grant us a Waiver for an Appeal.

- 1) Please grant us a Waiver for an Appeal to the FCC, on the grounds that we couldn't possibly have appealed on time. USAC's decision was made only after Rabbi Waxman's death, and no-one in the school knew of the entire issue until recently. That is, the need for an appeal to the FCC was just recently discovered.
- 2) Anticipating that the waiver will be granted, I am setting forth our grounds for appeal as follows: **The requirement for listing the grade level of each child on the Survey is to ascertain that the child's eligibility will be credited to the correct**

✓ ■
school. That is, if a family has children split among schools, such as children in elementary school as well as in high school, the grade level is needed so that the respective schools' numbers of eligible students can be accurately calculated.

Since we are a single school, the lack of the grade level on the survey is immaterial in that it does not affect the bottom line results in determining the poverty level.

Lakewood Cheder School's 2005-2006 survey *did* meet all the other requirements set forth by USAC:

- a) The Survey was sent to all 3021 student-families,
- b) The Survey attained a response rate of over 50%,
- c) The Survey contained the address, size of family and income level.
- d) The Survey assured confidentiality.

In fact, this year's survey, which did include a question about the grade level of each child, returned a poverty-level of 77%, surpassing last year's level of 75%.

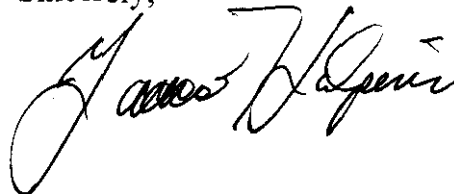

It is granted that last year's Survey did not fully follow USAC's published guidelines. But it is also true that the question we omitted would not have had any bearing on the outcome of the survey. Additionally, there was no waste, fraud or abuse in the matter.

We know that the FCC's Bishop Perry Decision offers a remedy for errors when there is no waste, fraud, abuse, or misuse of funds. Furthermore, the Commission may grant a waiver if special circumstances warrant a deviation from the general rule if such deviation would better serve the public interest than would strict adherence to the general rule.

Please do not penalize these 3100 children for an oversight that, in this case, has no significance on the results.

Thank you for your help in this matter.

Sincerely,
